Made for iPod range

We created our Made for iPod and Works with iPod or iPhone family to enable you to get the most from your music on your iPod or iPhone. They all deliver the superior sound quality you expect from Sony products – plus iPod and iPhone compatibility. Choose from speaker docks, headsets, headphones, clock radios, Hi-Fis and more.

However you prefer to use your iPod or iPhone, our wide range has something to suit you. The family all feature stylish design and different intelligent features. These can include charging as you listen, compatibility with your car stereo, menu access via remote control, or a dedicated iPod button to control charging and playing.

iPod or iPhone headsets and headphones
 Upgrade your headphones for your iPod or iPhone to get the ultimate in comfort, fit and precision sound. Our headsets are perfect for the iPhone – you can enhance your listening and still be ready to take calls, with a built-in microphone and remote control. And with your iPod, the remote control allows you to easily play, pause and skip tracks for uninterrupted listening.

iPod docks and accessories
 Our digital media port (DMP) connects to selected Sony Home Cinema systems and Hi-Fis to bring your iPod into your living room with amazing sound quality. Enjoy music straight from your iPod or iPhone – and charge up while you're listening. Plus keep full control of playback and menus via DMP.
